

The Altus Foundation provides diversified assistance to the individuals and families, including but not limited to premium healthcare, financial assistance, food, shelter, and community relief and support. The focus of the Altus Foundation has always been on giving back to the community. Each family, each patient, each individual is an opportunity to make meaningful connections and change lives.

Today, the Altus Foundation has provided over seven million dollars in healthcare services. And our outreach continues to grow as we partner with like-minded organizations and respond to unforeseen events. As we look to the new year, we see a world brimming with opportunities—opportunities to make powerful moments in the lives of others. Together, we can change lives.

DOCTORS GIVING TIME

We offer access to care through the Doctors Giving Time campaign, a network of physicians and providers in Altus health communities who volunteer their time to treat patients without health insurance and who would otherwise not receive the care they need and deserve.
